

JASPI

Journal of Antimicrobial Stewardship Practices
and Infectious Diseases

CALL FOR PAPER: UPCOMING ISSUE

The Editorial Board of the Journal of Antimicrobial Stewardship Practices and Infectious Diseases (JASPI) is pleased to announce the Call for Papers for the upcoming issue, scheduled for publication in September 2026. Following the overwhelming response and widespread appreciation of the last issue released in June 2026, we invite researchers, clinicians, academicians, and experts to contribute to the ongoing discourse on antimicrobial stewardship practices and infectious diseases.

Aims and Scope

JASPI is a peer-reviewed, open-access journal dedicated to advancing the understanding and practice of integrated antimicrobial stewardship, and infectious diseases. The journal aims to publish high-quality, original research, narrative reviews, systematic reviews and metanalysis, and case reports/series that contribute to the knowledge base in infectious diseases and antimicrobial use.

REVIEW PROCESS

All submissions will undergo a rigorous double-blind peer-review process to ensure the highest scientific standards. The Editorial Board is committed to providing constructive feedback to authors and maintaining a timely publication schedule.

IMPORTANT DATES

- **Submission Deadline:** August 10, 2026
- **Notification of Acceptance:** August 20, 2026
- **Publication Date:** September 30, 2026

CONTACT INFORMATION

For inquiries and additional information, please get in touch with the Editorial Office at

editor@jaspi.saspi.in or
jaspi@saspi.in

We look forward to your valuable contributions to the Journal of Antimicrobial Stewardship Practices and Infectious Diseases.

Dr Prasan K Panda
Editor-in-Chief, JASPI

TOPICS OF INTEREST (BUT NOT LIMITED TO)

- Implementation of integrated stewardship programs
- Innovative antimicrobial stewardship interventions
- Global perspectives on antimicrobial stewardship with special reference to developing countries
- Antifungal stewardship
- Antimicrobial resistance and surveillance
- Infectious disease epidemiology
- Diagnostic advancements in infectious diseases
- Emerging infectious diseases
- Multidisciplinary approaches to infection prevention

SUBMISSION GUIDELINES

We welcome original research articles, narrative reviews, systematic reviews and meta-analyses, case studies, and letters to the editor (based on a previously published article in JASPI, or any important stewardship concept). Manuscripts should be submitted electronically via the online submission link available on the JASPI webpage.

<https://jaspi.saspi.in/index.php/submission/>

Please refer to the Author Guidelines on the journal webpage for detailed instructions.

PUBLICATION BENEFITS

Selected papers will be featured in the online versions (<https://jaspi.saspi.in/index.php/publications/>) of JASPI, reaching a global audience of researchers, healthcare professionals, policymakers, and educators. Authors will have the opportunity to contribute to advancing knowledge in antimicrobial stewardship practices and infectious diseases. No editing services charges or article processing charges will apply to any article accepted for publication in the upcoming issue.
